Four One-Hour Check-in sessions with Don

I will not give you a truckload of resources, and then hope you know how to grow. It's not honest, ethical or responsible. That's why I want to check-in with you to see how you are growing, as well as identify areas where you can focus more of your energy, concentration and intention.

These 4 one-hour phone sessions make all the difference! You will experience incredible personal growth from these sessions, and get the energy, resources and focus you need to become the **intuitive powerhouse** you truly are.

That's not all...

Bonus #2: Enter the Deep

Many mediumship students do not regularly meditate. They are very focused upon techniques, approaches and quick solutions to the very demanding work of mediumship. Other students report that the reason for this reticence to meditate is that they are either doing it wrong, or they simply don't know how to meditate in the first place!

In this practical and information-packed ebook, I address the concerns that are frequently encountered in meditation, and offer simple, down-to-earth instruction that will help to ease your mind and enter the incredible richness of meditation. If you want to succeed as a medium, meditation is a must!

Bonus #3: Mediumship Q&A

I have created an hour-long Q & A audio session so that you can hear, directly from me, what I think about some of the most common questions I get asked.

This is valuable information, normally reserved for my one-on-one private clients, and you are getting it completely for FREE.
