

Power Numerology

Simple. Powerful. Practical.

This unique and comprehensive Numerology course will help you:

- Quickly and easily understand the concepts and uses of Numerology
- Grow in self-confidence and self-awareness
- Improve your intuitive abilities with a solid and ancient system
- Integrate Numerology with other divination systems
- Greatly improve your experience of life with Numerology's insights

I am proud to introduce Power Numerology. These are the same tools that I use to gain information about people and situations quickly, easily and naturally, to help others make confident and clear decisions in their lives. This is WAY beyond any book or website on Numerology, as it contains NEW information that has been largely unknown.

"But I hate math!"

Numerology is not difficult! This is something I am constantly telling my clients, classes and workshop participants. I developed this course for ANYONE who wants to use this incredibly powerful tool. **If you can add and subtract, you can do Numerology!**

Here's why everyone can benefit from Power Numerology...

- **First**, this six-module course is designed to take you to the next level, no matter where you are starting. If you know nothing about numerology, then you will be LIGHT YEARS ahead of everyone else. If you have some experience in numerology, then you will learn NEW approaches and interpretations that will increase your impact, effectiveness and accuracy.
- **Second**, you will receive **support materials** that will backup your knowledge and skills with practice and insights from an experienced and knowledgeable Numerologist.
- **Third**, this is a NEW APPROACH to numerology, that, while standing on the shoulders of giants, will take you in a NEW DIRECTION that will enable you to use numerology in more powerful and life-altering ways.

Curriculum & Course Schedule

Power Numerology will move you through a step-by-step system to teach you every Numerology concept, and how to apply it clearly and accurately.

Each module in Power Numerology includes:

- **Hours of original content from Don that will teach you EVERYTHING you need to know about Numerology**
- **Unique approaches that make learning fun and insightful**
- **Exercises that will support each module**

Module One: Numerology Boot Camp

The first step to Numerology mastery is to understand the basic, foundational realities of Numerology. While those who have experience with Numerology in the past might skip this module, there is information here that is high-value and potent power!

In this module, I will give you the tools of understanding why Numerology works so well, how it applies to various systems and modalities, and the building blocks of becoming a Numerology rock star!

A Trip Through Time - You will learn the very origins of Numerology, and how it developed to its present form. You will also learn the implications of this history for Akashic Records, Past Life Analysis, and even fashion design!

Basic Number Meanings - These are the foundations of Numerology, and cannot be over-emphasized. You will learn the 12 basic number meanings, with their many facets and characteristics - yes, even colors!

Why the Math Works - Discover what addition and subtraction REALLY mean, and how we apply it to every aspect of Numerology for accurate and hard-hitting readings.

The Life Path - You will learn how to compute your personal Life Path, and interpret it accurately. You will gain insight into your life-purpose and mission, and the challenges you face. This is the very first step on the road to a new world of insight and adventure!

Module Two: Birthdays and Names

The day you were born has incredible significance for your life. In fact, the name you were given also carries power and energetic potentials for your life journey!

In this module, you will learn more information from someone's birthday, as well as understand more about how a name can mean a thousand things!

Life Cycles - We will look at your life in the stages "from the cradle to the grave". As we examine the energies in each stage of life, we gain new insights into what might happen.

Attainments & Challenges - We will learn how to see the high points in one's life, as well as the challenges that need to be overcome to make those high points a reality!

The Power of Letters - Numerology is not just about birthdays; names are important, too! We will talk about what letters mean, and how each letter is its own number.

The Basic Name Profile - You will begin to learn how to extract an incredible amount of information from your name, beginning with the Three Core Characteristics that get into the head and heart of a person. Learn what makes you tick!

Module Three: Digging Deep

We're going even deeper in this third module! You will learn how to generate an entire profile of a person, and interpret it with accuracy and clarity.

What begins as a simple analysis of a name and birthdate will reveal the growth potential, abilities, talents and hidden treasures in your life and the lives of those around you. There's a lot here, just waiting to be explored!

Inclusions & Expressions - Details about a person's name reveal tons of information. You will see how the amounts of certain letters give greater insights into a person's personality and potential.

Personal Calendar - Learn the details of creating an energetic calendar for anyone, including the dominant energies in any given day or hour in a person's life.

Excursions - Chart every year of someone's life: expectations, energy and everything in between!

Module Four: Practical Applications

We take a break before the final two modules to talk about the many applications of Numerology for everyday life.

There's so much information that you've learned so far, it's time to see how some of this knowledge can be used in a practical way for daily life, social situations, and problem-solving approaches.

Location, Location, Location! - What is the impact of Numerology on phone numbers, city names, license plates, or even home locations? We'll explore how numbers can really make a difference!

Meet Mr. X - You're at a party, and you only know a handful of people. How do you get to know someone ONLY by his or her first name? Find out how!

Repeating Numbers - Many people have the experience of numbers that consistently appear in their lives. We will explore what these numbers mean, and how you can use them to help your spiritual growth.

Finding Balance - The insights of Numerology can help us find a great deal of balance in our lives. We will look at how to apply energetic forecasts to daily planning and preparation.

Module Five: Matrix Numerology

Up to this point, we have been in the realm of very traditional Numerology. In this module, we go beyond the boundaries of traditional Numerology, into the realms of number groupings that provide multiple levels of information and insight. Additionally, we allow our intuition to become more actively involved in the interpretation process, as well as meditation with these numbers as a source of additional means. This is the world of **Matrix Numerology**.

The Matrix Principle & the Lo-Shu Matrix - Learn how generating and arranging a matrix of numbers can create a three-dimensional window into one's life! You will learn the matrix that started it all.

The "American" Matrix - You will be trained in how to create this 16-number matrix of numbers from someone's birthday, and how to interpret it easily and clearly.

The Mystic Window - This 25-cell matrix is a secret weapon I use for powerful readings. You will get the inside information on how to create and interpret this limitless fountain of insight.

The Four Winds Matrix - This is the most advanced matrix out there. In this gathering of 81 numbers, you will find a profile of years-worth of information as a person goes through life. It sounds difficult, but it's really child's play!

Module Six: Making Connections

This final module will explore how Numerology fits into the larger scheme of various divination systems. Nearly every system has roots in Numerology, and you will learn how to use the insights of your study to render more meanings, interpretations and applications from other oracles. You will also learn how we can use Numerology as an aid to meditation, to answer questions quickly and easily, and to aid the process of the Law of Attraction to manifest our dreams.

Psychic Tools - How do you integrate Numerology with other divination systems, without breaking your brain? You will discover how easily Numerology can enhance other psychic tools.

Answer the Question - There are methods of answering your questions without hours and hours of computation. You will learn a secret method for getting quick and insightful answers without all the fuss!

Law of Attraction & Manifestation - Manifesting our dreams is important, but difficult. Learn how to use some very special principles to begin the manifestation process with the Power of Numbers.

Three One-Hour Check-in sessions with Don

I will not give you a truckload of resources, and then hope you know how to apply them easily. It's not honest, ethical or responsible. That's why I want to check-in with you to see how you are growing and learning, as well as identify areas where you can focus more of your energy, practice and intention.

These 3 one-hour phone sessions make all the difference! You will experience incredible personal growth from these sessions, and get the energy, resources and focus you need to be a Numerology Wizard!

That's not all...

Special Bonuses for You!

I developed this course because I know what it's like to learn everything your own, without support. I also know what it's like to compare yourself to everyone else and never feel good enough. **I want you to succeed!**

These bonuses are worth as much (or more) than Power Numerology itself!

Bonus #1: Spirituality Development Talks

The more you delve into Numerology, you will start to grow in your interest for spiritual development, as things start to connect and make sense for you.
